SOURCE Zemledelsko Zname, No 973, 1949.SCORES MULBERRY TREE CULTIVATION

The Ministry of Agriculture reports that farmers are not paying enough attention to mulberry tree culture. Work on mulberry plantations has not been proceeding on time; trees are neglected and, as a result, crops are very poor. In some areas, trees have been uprooted and destroyed without authorization of the agricultural services. The ministry requests skoliya people's soviets to take every measure necessary for the proper care of mulberry groves.
